THE MOST DURABLE FLOOR MARKING TAPE

- SUPERIOR DURABILITY
- EASY APPLICATION
- HIGH VISIBILITY

Superior **Durability**

Spend less time replacing damaged or worn lines for a better-looking, more efficient facility.

- Withstands forklift traffic without tearing or lifting
- Low-profile design minimizes tears and scratches from skids, pallet jacks, etc.
- Rugged polyester with ultra-aggressive adhesive

High Visibility

Get the same visibility of painted floor markings – and pay less.

- High-gloss surface shines like new paint
- Low profile minimizes debris buildup along the edges that occurs with thicker (extruded) floor tapes
- Surface resists marks and smudges and cleans up like new
- Available in a variety of high-impact colors
- Custom colors available

Painless Removal

Easily remove floor markings without damaging the floor or leaving adhesive residue.

- Does not chip and flake when being removed comes off in one piece
- Clean removal without any unsightly adhesive residue or damage to the floor

Easy Application

Quickly lay down smooth, straight lines – without the help of coworkers.

- · Can be easily applied by one person working alone
- Stiff polyester with liner prevents tape stretching and reduces wrinkles and wavy, uneven lines
- No special floor preparation required – just clean with common cleansers

Diecut Shapes

Utilize different shapes, colors and sizes for more effective, durable floor markings.

- Dashes, dots, arrows, footprints, and corner marks (L, T and + shapes)
- Longer lasting markings Minimizes the risk of damage and facilitates fast repair
- Select dashes, dots and arrows are pre-spaced on transfer tape, making it incredibly easy to lay down straight, evenly spaced lines

Brady B-514 Floor Marking Polyester

ToughStripe® floor marking products are made with Brady's new B-514 polyester. ToughStripe products are ideal for marking aisles, passageways and storage locations, and pointing out important safety equipment and egress paths.

- Exceeds safety standards for clean, dry non-slip surfaces per ANSI A1264.2-2006 and OSHA 1910.22
- 2 mil thickness
- Service temperature range of 0°F – 129°F
- · Resists harsh chemicals
- · Custom colors available
