

Certificate of Analysis

ChargeSwitch® Forensic DNA Purification Kit

Product No. CS11200

Lot No. 1658593

Date of Manufacture 01Mar2015

The ChargeSwitch® Forensic DNA Purification Kit is functionally tested for optimum performance using the following tests:

PCR

Amplification of blood gDNA must produce amplified product of expected size, as compared to a control ladder.

Result: Meets specification.

Purity

Agarose gel electrophoresis of the purified DNA must produce a band of the expected size, as compared to control ladder.

Result: Meets specification.

For Research Use Only. Not for use in diagnostic procedures. If you have any further questions about this Certificate of Analysis, please contact Technical Services at 1-800-955-6288 (US and Canada) or 1-760-603-7200, x2 (all other countries).
