Thermo ScientificTM TrademarkTM

Product NumberR4717030

Product NameE. faecalis ATCC 29212 Q+ KT/100 TST

Lot Number713108

Usage DecisionAccepted (OK)

Expiration Date2025-02-04

This product has been manufactured, processed and packaged in accordance with Quality Systems Regulation, 21 CFR Part 820. The results were derived from a representative sample of the batch and were obtained at the time of release. Refer to the enclosed product insert for instructions, intended use, hazard/safety requirements, and storage conditions.

| Product Char Results | |
|----------------------|--|
| Purity | Demonstrates pure growth on applicable media |
| Viability | Recovered at acceptable level within test period |
| Passage | 2 (Current preserved state) |
| Delivery | <100 CFU/0.1 mL |

| E. faecalis ATCC 29212 Q+ KT/100 TST | Results | Specification |
|--------------------------------------|---------|---------------|
| >85% Identification on Vitek 2C GP | | 85 - 100 |
| >95% Identification on MicroSEQ | 100 | 95 - 100 |
| CFU Mean | 68 | - |
| Microscopic Features | Pass | |

These tests are performed in accordance with ISO 17025 guidelines. Thermo Fisher Scientific has determined each loop of this reference material to be sufficiently homogeneous for its intended use. Individual products are traceable to a recognized culture collection. Although the Vitek(TM) panel uses many conventional tests, the unique environment of the card, combined with the short incubation period, may produce results that differ from published results obtained by other methods
