

# Certificate of Analysis

## Platinum™ Taq DNA Polymerase

Product No. 10966034, 10358742

Lot No. 2921820

Date of Manufacture 10-Jun-2024

Expiration Date 24-May-2026

---

### Enzyme Assay

Specification: Platinum® Taq DNA polymerase gives  $\geq 8$  Units/ $\mu$ L after heat activation at 95°C for 5 minutes.  
No detectable activity present in unheated Platinum® Taq DNA polymerase.  
(One Unit will incorporate 10 nmole of deoxyribonucleotide into DNA in 30 minutes at 74°C.)

Result: Meets specification.

---

For Research Use Only. Not for use in diagnostic procedures.
