

Human OCT2 (G)/HEK293 Cells

Cat. No.	: GM1105G
Cell number	: 10.7×10^6 cells/vial in CELLBANKER® 1
Lot. No.	: KLGD934
Viability	: 92%
Expiration Date	: June 2028
Medium	: cryopreservation solution
Storage	: in liquid nitrogen container
Microbial Status	: mycoplasma free

● Transport Activity

The following data shows the uptake of 10 μ M metformin.

● Caution !

This product is for RESEARCH USE ONLY. Never use for diagnostic and medical purpose.

Product information

Cell line	HEK293 expressing Human OCT2
Expressed gene	Human OCT2 (Accession No. NM_003058.2)
Manufacture	GenoMembrane Co.,Ltd.
