

CERTIFICATE OF ANALYSIS

14966123 5X Platinum™ II Green PCR Buffer

Packaging Lot: 2854840

Expiry Date: 30.11.2025 (DD.MM.YYYY)

Storage: at -20±5°C

Filling lots for components in package:

Lot	Quantity	Description
2853052	4 × 1.25 mL	5X Platinum II Green PCR Buffer

QUALITY CONTROL

Parameter	Method	Requirement	Result
Functional assay	Amplification of a 3.9 kbp DNA fragment with Platinum II Taq Hot-Start DNA Polymerase using dilution series of human genomic DNA.	Reaction produces specific PCR product	Conforms

ISO CERTIFICATION

Manufactured by Thermo Fisher Scientific Baltics UAB, in compliance with ISO 9001 and ISO 13485 certified quality management system.

Quality authorized by QC: **J. Žilinskienė**
