

CERTIFICATE OF ANALYSIS

75001.4X.1.ML ExoSAP-IT™ Express PCR Product Cleanup Reagent

Packaging Lot: 2815632

Expiry Date: 31.07.2025 (DD.MM.YYYY)

Storage: at -20±5°C

Filling lots for components in package:

Lot	Quantity	Description
2801034	4 x 1 mL	ExoSAP-IT™ Express PCR Product Cleanup Reagent

QUALITY CONTROL

Parameter	Method	Requirement	Result
Appearance	Visual inspection.	Clear solution	Conforms
Functional Assay	ExoSAP-IT™ Express PCR Cleanup reagent is functionally tested to determine the activity of Exonuclease I and Shrimp Alkaline Phosphatase (SAP). Exonuclease I: Activity assay is performed in a primer degradation gel assay. SAP: Activity assay is performed in a p-nitrophenyl phosphate hydrolysis assay.	Conforms	Conforms

ISO CERTIFICATION

Manufactured by Thermo Fisher Scientific Baltics UAB, in compliance with ISO 9001 and ISO 13485 certified quality management system.

Quality authorized by QC: J. Žilinskienė
