

CERTIFICATE OF ANALYSIS

A65427 Template Switching Oligo

Packaging Lot: 3053790

Expiry Date: 31.03.2026 (DD.MM.YYYY)

Storage: at -20±5°C

Filling lots for components in package:

Lot	Quantity	Description
2953486	48 µL	Template Switching Oligonucleotide

QUALITY CONTROL

Parameter	Method	Requirement	Result
Functional assay	Reverse transcription and pre-amplification from human total RNA followed by Agilent analysis and quantitative PCR (qPCR).	<ul style="list-style-type: none">• Average product length and yield are within the range of predetermined specifications• qPCR analysis results are within the range of predetermined specifications	Conforms

ISO CERTIFICATION

Manufactured by Thermo Fisher Scientific Baltics UAB, in compliance with ISO 9001 and ISO 13485 certified quality management system.

Quality authorized by QC: **J. Žilinskienė**
