

## CERTIFICATE OF ANALYSIS

**A65429      Capturing Oligo (dT) Primer**

**Packaging Lot: 2881525**

**Expiry Date: 31.10.2025 (DD.MM.YYYY)**

**Storage: at -20±5°C**

### Filling lots for components in package:

Lot	Quantity	Description
2869887	48 µL	Capturing Oligo (dT) Primer

### QUALITY CONTROL

Parameter	Method	Requirement	Result
Functional assay	Reverse transcription and pre-amplification from human total RNA followed by Agilent analysis and quantitative PCR (qPCR).	<ul style="list-style-type: none"><li>• Average product length and yield are within the range of predetermined specifications</li><li>• qPCR analysis results are within the range of predetermined specifications</li></ul>	Conforms

### ISO CERTIFICATION

Manufactured by Thermo Fisher Scientific Baltics UAB, in compliance with ISO 9001 and ISO 13485 certified quality management system.

Quality authorized by QC: **J. Žilinskienė**
