

## CERTIFICATE OF ANALYSIS

**AB-4137/A      ABsolute Blue qPCR Mix**

**Packaging Lot:** 2903760

**Expiry Date:** 30.04.2025 (DD.MM.YYYY)

**Storage:** at -20±5°C

### Filling lots for components in package:

| Lot     | Quantity | Description            |
|---------|----------|------------------------|
| 2902776 | 5 mL     | ABsolute Blue qPCR Mix |
| 2863657 | 0.025 mL | ROX Reference Dye      |

## QUALITY CONTROL

| Parameter          | Method                                                                                                                                                                   | Requirement | Result   |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------|----------|
| Functional testing | ABsolute Blue qPCR Mix is tested functionally using qPCR. The product must demonstrate linearity of amplification over a specified serial dilution of human genomic DNA. | Conforms    | Conforms |

### ISO CERTIFICATION

Manufactured by Thermo Fisher Scientific Baltics UAB, in compliance with ISO 9001 and ISO 13485 certified quality management system.

Quality authorized by QC: **J. Žilinskienė**
