ANALYSIS RESULTS

Test	Spec.	Result	Pass/Fail
Moisture Assay	0.0-0.3%	<u>.09</u>	<u>Pass</u>
Color	Visual	Blue	<u>Pass</u>

Quality Assurance by: Kim Volkman **Date:** 6-15-2020 **Q.C. Dept.**

****expiration date can be well longer than 5 years if seal is not broken. Once seal is broke, you can visibly see the color to know when its expired. Blue is good, Pink is exhausted. Once exhausted, it can be regenerated over the course of many years.**
