DATE: JULY 2024

Transmissible Spongiform Encephalopathies (TSE)
Bovine Spongiform Encephalopathy (BSE)

TSE includes BSE, the bovine form occurring in cows (mad-cow-disease), the scrapie disease in sheep, as well as the human form: the variant-Creutzfeldt-Jakob-Disease (vCJD).

The products are manufactured completely from synthetic or manufactured materials and do not contain any raw materials produced from, or substances derived from animal origin. Moreover, these products are not derived from specific-risk materials as defined in European Commission Decision 97/534/EC.

The manufacturing process does not use any ingredient of animal origin nor do our products come in contact with animal products during storage and transportation. The products are free from Transmissible Spongiform Encephalopathy (TSE) and Bovine Spongiform Encephalopathy (BSE).

This Certificate has been compiled with data that has been provided by the manufacturer of the product. The Fisher Scientific channel has not independently verified such data. This document has been produced electronically and is valid without a signature.
